

# Argo Soon

**Member of the IHI JU  
States Representatives Group**

**Senior advisor**

**Estonian Research Council**

Mr. Argo Soon graduated as General Practitioner from Medical Faculty of University of Tartu in 1992. Master of Public Health degree is obtained from the Joseph H. and Belle R. Braun Hebrew University-Hadassah School of Public Health and Community Medicine, Jerusalem, Israel, 1997.

Argo Soon worked lecturer and later as senior lecturer at Department of Public Health at University of Tartu from 1992 to 2007. His specialty was environmental and occupational health.

Since 2007, Argo Soon is employed by Archimedes Foundation, which was reorganised to Estonian Research Council in 2012. Starting from the beginning of FP7, Argo has fulfilled tasks of Health NCP and so he does today. At the same time – also since the beginning of FP7 – he has been a member of the Programme Committee for configuration health. He also takes care of several health-related ERA-Nets, EU partnerships and since the beginning of IMI, he has been belonging to IMI SRG.

Argo Soon has been involved in several projects funded from EU Framework Programme. He has also been actively involved in national committees and work groups that promote medical research in Estonia.
